**Explanation of Responses:**

- Each restricted stock unit represents the right to receive, at settlement, one share of common stock.
- Vesting of these restricted stock units depends on the average closing price of a share of Genoccea Biosciences, Inc.'s common stock over the sixty trading days immediately preceding December 31, 2023. The "target" number of restricted stock units is reported. Between 75% and 150% of the target number of units may vest on December 31, 2023, with the vesting percentage determined based on actual performance.
